Professional Summary

I'm motivated and detail-oriented with strong skills in building modern, responsive web applications. I've completed the Meta Front-End Developer Professional Certificate and gained hands-on experience with React, HTML, CSS, JavaScript, and web/app development.

I want to apply for the job you posted, because I want to be apart of your team, and your requirements are right for me and the condition I have, because of medical issues, I haven't finished my studies. I'm a person with locomotor disabilities (my only impairment is in my legs, but I'm healthy and I have a normal level of thinking for my age).

Although I am transitioning into software testing, my technical background helps me understand how applications work and identify potential issues effectively.

Key Competencies

- Technical Skills: React, HTML, CSS, JavaScript (ES6+), Responsive Design, WordPress, Git/GitHub, UI/UX Basics, App Development (Basics)
- Soft Skills: Problem-Solving, Proactive, Quick Learner, Organized, Strong Communication, Team Player
- Languages: English (B2 - Upper Intermediate), Romanian (Native)

Education & Certifications

- Meta Front-End Developer Professional Certificate
- Coursera: Front-End Web Development (HTML, CSS, JavaScript)
- Additional Skills: UI/UX Design, Excel, PowerPoint, No-code Tools
- App Development Foundations (Included in Meta course)

Skills

- Detail-Oriented
- Quick Learner
- Problem Solver
- Team Player

I am writing to express my strong interest in joining your team with a strong work ethic, technical knowledge, and excellent communication skills. I am eager to contribute to your organization and grow professionally in a supportive, learning-focused environment.

I have completed multiple certifications in web development, project management, and productivity tools, and I have hands-on experience in building websites, managing content, and working with modern digital platforms. These skills, combined with my ability to learn quickly and adapt to new challenges, make me confident in my ability to succeed in a variety of roles.

Due to a locomotor disability, an office position allows me to perform at my best without physical barriers. I am highly organized, proactive, and comfortable working independently or as part of a distributed team.

I bring enthusiasm, problem-solving skills, and a commitment to delivering high-quality results. I am excited about the opportunity to contribute to your success and would be delighted to discuss how my skills align with your team's needs.

Thank you for considering my application. I look forward to the chance to contribute to your organization in a fully remote capacity.

Sincerely,
Dragutu Maria Elisa
